Patrick J. Marana
Mayor

October 28, 2021

Dear Residents,

We are very happy to announce that the NJ Department of Transportation has awarded Northvale a grant, in the amount of \$216,000, for the milling and repaving of Veterans Drive. We were able to successfully present the case that Veterans Drive is a major road that connects two busy County roads. Phase 1 of the repaving is projected to take place in the Fall, 2022 time frame. Phase 1 will result in the repaving of Veterans Drive from Paris Avenue to Legrand Avenue. Phase 2 will involve a 2022 grant application for additional funding with repaving anticipated to take place in 2023.

This grant award is further evidence that the professional grant writing initiative that we implemented in 2007 has been and continues to be a major benefit for Northvale tax payers.

Best Regards,

Pat Marana

Louis DeLisio, Council Liaison for Grants
